Feature	Key Codes		Per Call Activation Yes/No	Available with			Description
	Activate	Deactivate		Common Area Ph User	Deskphone/Softphone User	Deskphone/Softphone User w/ Call Mgr. Advanced	
Account Codes	N/A	N/A	Y	Y	Y	Y	<p>Note, not all features are enabled by default. Contact POPP if there is a feature below that does not appear to be active on your account.</p> <p>Account codes allow administrators to require their users to enter a 3-8 digit numeric code in order to complete specific call types (e.g. Long Distance, International). Failure to enter a valid account code will cause the call not to complete.</p> <p>Account codes may be either:</p> <ul style="list-style-type: none"> • Verified – user must enter an exact code specified. • Non-Verified – user may enter any code, as long as it matches the required number of digits. <p>Account codes may be configured by an Administrator via the Admin Portal or by contacting POPP.</p>
Anonymous Call Rejection	*77	*87	N	Y	Y	Y	<p>Allows you to reject incoming callers that do not have caller ID information specified. Calls will be rejected without being sent to voicemail.</p> <p>Configuration of this feature can be completed from the User Portal or by contacting POPP.</p>
Call Blocking	N/A	N/A	N	Y	Y	Y	<p>Allows you to specify certain outgoing call types that users are blocked and therefore not permitted to call. (e.g. Long Distance, International).</p> <p>Configuration of this feature can be completed from the User Portal or by contacting POPP.</p>
Call Forward Busy	*90+ [10-digit number]	*91	N	Y	Y	Y	<p>If your phone line is busy, this service forwards all calls to a local, long distance (long distance charges apply), or toll free number you designate.</p> <p>Configuration of this feature can also be completed from the User Portal or by contacting POPP.</p>
Call Forward No Answer	*92+ [10-digit number]	*93	N	Y	Y	Y	<p>If your phone line is not answered within a specific number of rings (you choose), this service forwards all calls to a local, long distance (long distance charges apply), or toll free number you designate.</p> <p>Configuration of this feature can be completed from the User Portal or by contacting POPP.</p>
Call Forward Selective	N/A	N/A	N	Y	Y	Y	<p>Specify a list of up to 10 phone numbers that, if they call you, will be forwarded to a local, long distance (long distance charges apply), or toll free number you designate.</p> <p>Configuration of this feature can also be completed from the User Portal or by contacting POPP.</p>
Call Forward Unavailable	N/A	N/A	N	Y	Y	Y	<p>Allows you to forward calls to a local, long distance (long distance charges apply), or toll free number you designate in the event that your VoIP Phone System phone(s) become unavailable or unregistered. (e.g. power or internet outage). Forwarding is automatically activated upon detection that the phone(s) are unavailable. Forwarding automatically deactivates as soon as the phone(s) come back online.</p> <p>This feature can <u>only</u> be configured from the User Portal or by contacting POPP.</p>
Call Forward Variable	*72	*73	N	Y	Y	Y - Cannot be configured with key code. Must configure through User Portal Call Forwarding tab	<p>Allows you to forward all calls to a local, long distance (long distance charges apply), or Toll Free number. The forwarding will remain active until you deactivate it.</p> <p>Configure through User Portal Call Forwarding tab or:</p> <ul style="list-style-type: none"> • Dial “*72XXXXXXXXXX” where XXXXXXXXXXXX represents the 10 digit number you want to forward calls to. Dial this all in one string. Once activated, each incoming call will ring once at your location before forwarding. May also be configurable as a softkey. • Dial *73 to remove the forwarding. May also be configurable as a softkey. <p>Configuration of this feature can also be completed from the User Portal or by contacting POPP.</p>
Do Not Disturb	N/A	N/A	N	Y	Y	Y	<p>Prevents incoming calls from ringing your phones. Callers are sent directly to voicemail. This Feature is activated/deactivated from your deskphone/softphone.</p>
